

**Hurricane Harvey Response 2017
Community Liaison (CL) Report**

TO: Janetta Coats

FROM: Valmichael Loes/ R6 Lab community liaisons (see roster below)

SUBJECT: 9/9/2017 Daily Report for R6 Lab (see roster below)

COUNTY: Not Assigned

DATE: 9/9/2017

Due: Daily 4:00 pm

SUMMARY:

- Nueces County EOC is wound down, Level 3, and does not want EPA assistance
- Nueces County Emergency Manager referred the Community Liaison (CL) coordinators to local Emergency Managers in Corpus Christi and Port Aransas
- We are researching which counties are offering free water testing for residents with private water wells. At this time we believe that Victoria, Aransas, Nueces, and Brazoria Counties are offering this service.
- 18 new Assets arrived checked in with Logistics and received secondary badges at Bravo Command Post
- New assets relocated to R6 Lab for Community Liaison (CL) coordination and planning
- Houston lab contact list and roster established
- Participated in first CL daily conference call
 - Introductions and brief summary of CL positions and expectations
 - Daily reporting procedures established
 - Current reports and questions from the field discussed
 - Received instruction related to follow up requests from EPA
- Received and reviewed outreach materials related to mold and IAQ
- Discussed mission objectives and lessons learned so far as individual county assignments began to be received
- Resource request submitted for: thumb drives, cameras, and EPA logo shirts
- Created a SharePoint page for CL daily reports
- Received and began assembly of water testing kits

QUESTIONS/COMMENTS

- When do we get county EOC list status updates?
- When will our 213RRs be filled?
- Does EPA have a legal obligation to keep employees at the Club Quarters Lodging?
- CL should check in with county Facebook pages as several of them have their resources posted. Ex: Calhoun County has a FB page with all donation centers, shelters, mosquito control practices etc. listed
- Waiting on individual assignments

COMMUNITY CONCERNS

- Information on mold and mildew remediation for residential and commercial properties
- Information on recovery of private wells after flooding
- Information on recovery of private septic systems after flooding
- Information on backup analytical service for water testing (F coliform, E. coli)
